

# Perth

## Beirut

Not of this world  
Lean as a shadow  
I was in Perth  
When I was gathered Blood on the sand  
Paint on the water  
Asking to run  
As getting fire Last night I combed the earth  
You saw me at my worst  
Ragged tire burning for miles  
I ran until it hurt Reasons come seasonal  
I'll tell you when I know  
See you in an hour, an hour back home  
See you in an hour, an hour back home  
See you in an hour, an hour back home  
See you in an hour, an hour back home
