

# Doctor Alibi (feat. Lemmy Kilmeister)

## Slash

I went to see the doctor  
He said, "You're pretty sick  
You got some real bad habits  
You'd better stop right quick"  
I said, "Doctor that's real bad news  
Don't know what I'm gonna do"  
Doctor, there's nothin' wrong with me  
Doctor, doctor, can't you see?  
Doctor, I ain't gonna die  
Just write me an alibi  
I went to see a shaman  
He said, "You'll be alright  
Just keep doin' what you love  
Every single night"  
I said that's what I need to hear  
Took away my childish fears  
Doctor, you're a stand-up guy  
Doctor, doctor, my, oh, my  
Doctor, you're the one for me  
That's the mojo that I need  
Don't you know that I feel alright?  
Doin' what I do  
I ain't gonna tow the line  
Not 'til I turn blue  
All I got is one short life  
That's what people say  
And I ain't gonna waste a second  
Doin' what you say  
I won't be the one you like  
I won't be the boy next door  
I won't be the chosen one  
That's not what I'm here for  
I don't like the way you are  
I despise what you hold, dear  
Don't you try to make me change  
I'll haunt you for a thousand years  
Doctor, don't you don't you talk that way  
Doctor, don't you don't you waste my day  
Doctor, stay away from me  
Sick is what I'd rather be  
Doctor, doctor, doctor, death  
Doctor, doctor out of breath  
Doctor, I ain't gonna die  
Just write me an alibi
