

# Revolution (Radio Mix)

R3HAB, NERVO & Ummet Ozcan

I got a love that keeps on fighting  
And keeps on  
I got a heart that keeps on trying  
And keeps on  
We got these plans that keeps involved  
And keeps on  
Even when I hopes is broken  
We keep on People, that's so much for us to prove  
So keep on  
So much for us to do  
We can start a revolution  
You and me  
I said start a revolution  
Just you and me  
Start a revolution  
Start a revolution  
I got a love that keeps on fighting  
And keeps on  
I got a heart that keeps on trying  
And keeps on  
People, tell me what you're gonna do  
So keep on, show me what you're gonna choose  
'Cause we can start a revolution You and me  
I said start a revolution  
Just you and me  
Start a revolution  
Just you and me  
Start a revolution  
People  
Start a revolution
