

Miracle

Ghost Beach

Every time I get up
My heart's in the basement
I can't get over it
I never wanted to work
For pieces of paper
But I guess that's all I get
I wanna win in this world but it's pushing me out
I was born in this house and I'm burning it down
It's a miracle
Even if it's in my head
Like a miracle
I'm in love again
Everybody get out
I can't stand underwater
Can't seem to touch the ground
Your modern tongue
Keeps talking it over
But it doesn't make a sound
What you gonna say to me now? I'm calling you out
Cause I was born in this house and I'm burning it down
It's a miracle
Even if it's in my head
Like a miracle
I'm in love again
It's a miracle
Even if it's in my head
Like a miracle
I'm in love again
