Bitch

Dope

There's something about the way we fit There's something about this psycho trip There's something about the way we groove Something's got me and I just can't seem to chooseI want you But I hate youThe one I love I hate But the sex is great The one I love I hate But the sex is great The one I love I hate So I contemplate The one I love I hate But the sex is great There's something about the way we slide There's something about this psycho ride There's something about the things we do Something's got me and I just can't seem to chooseI want you But I hate youThe one I love I hate But the sex is great The one I love I hate But the sex is great The one I love I hate So I contemplate The one I love I hate But the sex is greatOne, two, fuck you Never say no Ready to go We're out of control But I can't let you ' cant let you go!There's something about the way we fit There's something about this psycho bitch'The one I love I hate But the sex is great The one I love I hate But the sex is great The one I love I hate And I could suffocate The one I love I hate But the sex is greatI love to hate you, You know I love to hate you, You know I love to hate you, You know I love to hate you, Hate you, Hate you,

Bitch.
