(Missy)

Hit the switch to the lights to night make it right like a first class flight  
We igniting like smoking a pipe turn it up like we rockin the mic  
You get me hyper feel horny and trife so polite you might make me your wife  
I ain't right the way I'm livin my life see how I I'm when you turn off the lights  
I gotta Jones all down in my bones I got a little twitch fame in my spin  
And if I let you go feel on me you gon have to play this one more time.(Chorus 2x)  
You gotta put the needle back on the record (Turn Da Lights Off)  
Then lets get closer then closer then most (Turn Da Lights Off)  
I think we can get to know each other better if we (Turn Da Lights Off)  
And lets grab a glass and lets make a toast (Turn Da Lights Off)
