Blidness Blidness

Look down!

Look down!

Can't see me, under reason for you blidness.

They try this, but I'm too classy for your alliance.

Double c\*ock suck, that's the reason why I'm like this

Look down!

Can't see me, under reason for you blidness

They try this, but I'm too classy for your alliance.

Double c\*ock suck, that's the reason why I'm like this

Like this Double c\*ock suck, that's the reason why I'm like this

Look down!

Can't see me, under reason for you blidness.

They try this, but I'm too classy for your alliance.

Double c\*ock suck, that's the reason why I'm like this

Like this Double c\*ock suck, that's the reason why I'm like this
