

# Pacifier

## Catfish and the Bottlemen

There's always something to hide  
There's always someone to lead on with you  
An obligatory whine  
Evidently proved that I didn't need you  
She said "Oh please, you're obsessed!"  
I said she looked overdressed  
She deffo didn't like that, no You see, I'm feeling like it's put on  
When you say you don't need me  
And you want nothing of me Oh but babe, you know I've tried and failed  
But you just don't know how it feels to lose  
Something you never have and never will  
There's always some kid to snide  
They took my mother at thirteen  
And pacifically I  
Evidently proved that I didn't need you or no one  
She said "It's you I detest!"  
I said she looked underslept  
She deffo didn't like that, no You see, I'm feeling like it's put on  
When you say you don't need me  
And you want nothing of me Oh but babe, you know I've tried and failed  
But you just don't know how it feels to lose  
Something you never have and never will Oh but babe, you know I've tried and failed  
But you just don't know how it feels to lose  
Something you never have and never will  
I'm her pacifier  
I'm her pacifier  
I'm her pacifier  
I'm her pacifier
