Lil Wayne

David Banner on the beat, bitch  
I got a, I got a, I got a, I got a sweet tooth  
I got a sweet tooth, I got a sweet tooth, I got a sweet tooth  
Now can I eat goo, now can I eat you? MmmI gotta taste for you, now what you wanna do?  
Girl, you cold, let me suck out your flu  
Girl, you cold, girl, you cool  
You heard of Salt N' Pepa? Well girl, you food  
Girl, you hot like a bowl of hot stew  
And I just stood over ma stew and just blew  
And when there's no more of you, in the soup  
I remove ma spoon and drink your juice  
If you want to do me, do what cha wanna do  
If my job is to blow, you can bet she blue  
Mic check 1, 2, how about 1, 2  
P-L-A-Y because I don't have a clue  
But when I find out, I'm a show and tell you  
When I lift my top lip, I could still smell you  
When I swallow ma spit, I could still taste you  
Put that pussy in ma face every time I face you  
It goes P-U-S-S-Y  
Because it's the reason I am alive  
Momma, I need it to stay alive  
It's like I gotta eat it just to survive
