

# Solo Dolo (Nightmare)

Kid Cudi

Listen good  
I don't have nobody  
But what I might feel are the sounds of sanity  
Hoping what I hear, loops itself continuously  
Then I won't be afraid  
No no  
Oh woah woah woah Why must it feel so wrong when I try and do right, do right  
Oh woah woah woah  
Soaring through paradise when I'm closing my eyes  
I'm, Mr. Solo Dolo  
Oh Oh Oh  
Oh Oh  
Look at me  
You tell me Just what you see  
Am I, someone whom, you may love, or enemy  
Am I speakin' for, you and yours, or someone else  
I need some answers  
Yeah Yeah Oh woah woah woah  
Why must it feel so wrong when I try and do right, do right Oh woah woah woah  
Soaring through paradise when I'm closing my eyes  
I'm, Mr. Solo Dolo  
Oh Oh Oh  
Oh Oh My world turns  
Flippin' the bird  
To the ones who figure, me  
Outkast no not the duo  
Back at Shaker heights  
When they knew  
Though little brother was a strange one  
Boo hoo  
Cry me a river hater  
Look who  
tavelled out an igloo  
Cold cold world wasn't fit for me at, all  
Look at where I stand at  
Tall, clutchin' my Kid Cudi b-izz-alls  
Mute mothafuckas back home  
Quick pause  
Gargle on my mayo  
Look at me I bet I'm the one you picked to fail  
Floatin in my mind  
No sail

Ahoy Ahoy  
Listen good  
I don't need nobody  
This is what you feel are the sounds of insanity Hopin what I hear loops itself to finish me No I  
won't be afraid  
Hey Hey  
Oh woh woah woah  
Why must it feel so wrong when I try and do right, do right  
Oh woah woah woah  
Soaring through paradise when I'm closing my eyes  
I'm, Mr. Solo Dolo  
Why must it feel so right when I know that it's wrong, it's wrong  
When will I ever learn from the words in my songs  
I'm, Mr. Solo Dolo.
