

# Little Secrets

## Passion Pit

When I came down the dawn poured into me  
I shook'em up, the walls came crumbling  
My fists kept trembling with these salty wounds  
My stolen gold inside the emperors tomb  
Now painting rainbows on my ugly face  
I built this cardboard neighborhoods disgrace  
But I ascend and serve my feverish need  
Within the confines of such chemistry  
It's the way I see  
Everything I need  
It's no way to be  
Let this be our little secret  
No one needs to know we're feeling  
Higher and higher and higher  
Higher and higher and higher  
But I feel alive and I feel it in me  
Up and up I keep on climbing  
Higher and higher and higher  
Higher and higher and higher  
My face blew up at such a casual sight  
The spattered colors of ecstatic fright  
The rush above me to oblivion  
Outlining wet sidewalks with halogen  
Oh have you ever felt so goddamned strong  
How come it takes some people so damn long  
He tried to squeeze the lemon juice to rain  
The citrus drawing out the scene in stains  
Watch the basin drain  
As your life lines wane  
And you can't explain  
As your friends complain  
You've caused all this pain  
And you proudly shame  
Your whole families name  
Let this be our little secret  
No one needs to know we're feeling  
Higher and higher and higher  
Higher and higher and higher  
But I feel alive and I feel it in me  
Up and up I keep on climbing  
Higher and higher and higher  
Higher and higher and higher  
Mother I can tell what you've been thinking  
Staring at the stars on your ceiling  
Thinking once there was a power that you were wielding  
And now I've hit the mark  
Staring at the dark  
And I cannot help but ignore the people staring at my scars  
Let this be our little secret  
No one needs to know we're feeling  
Higher and higher and higher  
Higher and higher and higher  
But I feel alive and I feel it in me

Up and up and keep on climbing  
Higher and higher and higher  
Higher and higher and higher
