

# Coming Home (feat. Majid Jordan)

ZHU

When you're cold and lonely with no one left to call  
And distance is unfriendly to your achin' heart  
Call on me, don't worry, you know you are  
The love of my life even when you're far Now I'm feeling something  
Where I was missing something  
I love coming home to you, baby  
You know I'm coming home to you I need your body close (need your body close)  
Let me feel your pulse (let me feel your pulse)  
You won't overdose (you won't overdose)  
On my love, on my love  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you How lucky I am to hold you close  
I've never felt this way before  
I'm falling deeper under your spell  
I can't let go just yet, I think I fell Now I'm feeling something (yes I)  
Where I was missing something (yes I)  
I love coming home to you, baby  
You know I'm coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you I need your body close (need your body close)  
Let me feel your pulse (let me feel your pulse)  
You won't overdose (you won't overdose)  
On my love, on my love Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you  
Coming home, coming home  
I love coming home to you
