## What's a Girl To Do?

## **Bat for Lashes**

We walked arm in arm But I didn't feel his touch The desire I'd first tried to hide, That tingling inside was gone And when he asked me: 'do you still love me?' I had to look away I didn't want to tell him That my heart grows colder with each day When you've loved so long That the thrill is gone And your kisses at night Are replaced with tears And when your dreams are on A train to train-wreck town Then I ask you now, what's a girl to do?He said he'd take me away That we'd work things out And I didn't want to tell him But it was then I had to say Over the times we've shared It's all blackened out And my bat lightning heart Wants to fly away When you've loved so long That the thrill is gone And your kisses at night

Are replaced with tears
And when your dreams are on
A train to train-wreck town
Then I ask you now, what's a girl to do?What's a girl to do? x3
