

3 Shades of Black

Hank Williams III

3 shades of black is where I come from.
Depression, Missery, and Hellacious fun.
No we're not the kind to turn our backs and run
coz 3 shades of black is where we come from.
We are a certain breed and we dont like you.
Some are junkies some are freaks and others are everyday ghouls.
No one will ever know what we've been through
and we are proud in the light of the moon.(Chorus)
3 shades of black
3 shades of black
We all like metal and Whiskey!
Livin' Hard and chasin' down Hell.
We'll never give up on what we have because the darkness gives us our thrills.
Yeaaaaaaahhhh! Yeeeeaaaahyeaaaaah!3 shades of black is where I come from.
I was born in the sacrafice when I was young.
3 shades of black is what makes us strong,
and we all wear it like a uniform of chosen ones.
(Chorus)
3 shades of black.
3 shades of black.
3 shades of black.
We all like metal and Whiskey!
Livin' hard and chasin' down Hell.
We'll never give up on what we have because the darkness gives us our thrills.Co'z' the darkness
gives us our thrills...
