

# Enslaved

## Malevolent Creation

Darkened forms surround you  
Decayed rotten stench  
Casualties are sent down  
Nightmare has begun  
Lambs to the slaughter  
Waiting to die  
Your land infested  
Killer elite  
Last day alive  
Don't want to die  
Unknown reason  
Your race enslaved  
Anger, hatred, brings out your savagery  
Soldiers, bred to fight, conquer, dominate  
Achieve nothing when you try to resist  
Perished are your rights, they mean nothing true  
Lies  
Leaders inhuman  
Wearing your skin  
Hours of torture  
Off with your head  
(repeat)  
Darkened...  
...killer elite  
Last day alone...  
...race enslaved
