

Too Late to Say No

Datsik

It's getting late but the night is young
We're still in, we can see the sun
Just keep it trippin, keep it fun
Yea keep it flippin, get it done
Just follow the bottle, I'll take you there
Stuck in the house with a full blank stare
Nowhere to go, should go with the flow
Too early to stop and too late to say no
It's getting late but the night is young
We're still in, we can see the sun
Just keep it trippin, keep it fun
Yea keep it flippin, get it done
Just follow the bottle, I'll take you there
Stuck in the house with a full blank stare
Nowhere to go, should go with the flow
Too early to stop and too late to say no
Now bounce
Now bounce
Get the fuck up
It's getting late but the night is young
We're still in, we can see the sun
Just keep it trippin, keep it fun
Yea keep it flippin, get it done
Just follow the bottle, I'll take you there
Stuck in the house with a full blank stare
Nowhere to go, should go with the flow
Too early to stop and too late to say no
