

# Stay the Same

## Juicy J, Wiz Khalifa & TM88

They say money make you change up  
Fuck it then, I'm tryina change up  
Yeah, I'm tryina get my change up  
Bitch, I'm just tryina fuck the game up  
(Woah) You think I worked this hard to stay the same?  
(Uh) You think I worked this hard to stay the same?  
(Uh) You think I worked this hard to stay the same?  
Hell no, boy, I'm tryina fuck the game up Started from the bottom, then I came up  
Niggas still broken tryna' blame us  
I'd be on fire, they just flame up  
You can never understand where I came from  
Uh, you think I worked this hard to stay the same?  
Hell no, we'd be in the thangs switching lane to lane  
Bitch, you're still broken, I am the one to blame?  
Do your thing, just don't hate the player, nigga hate the game  
Woah, woah, I work to esteem, to a beamer, pretty motto bitch  
Pussy wet as Aquafina  
I got things I used to dream of, everything a little cleaner  
Every time a nigga see me, I'm in something new  
They say money make you change up  
Fuck it then, I'm tryina change up  
Yeah, I'm tryna' get my change up  
Bitch, I'm just tryna' fuck the game up  
You think I worked this hard to stay the same?  
You think I worked this hard to stay the same?  
You think I worked this hard to stay the same?  
Hell no, boy, I'm tryna' fuck the game up Started off broke, now I'ma change up  
Nigga you ain't nothing, you are stranger  
Seen you in the club upon the lame stuff  
Probably cause your chick gave the thang up  
Anywhere I'm at, get my gang up  
You be in the cut with your chain tucked  
You be into snitching giving names up  
I ain't into that so I can't look, can't touch, can't fake  
Never met a chick that I can't take  
Never had a patience, so I can't wait  
Never been a hater, so I can't hate  
They say money make you change up  
Fuck it then, I'm tryina change up  
Yeah, I'm tryna get my change up  
Bitch, I'm just tryna' fuck the game up  
You think I worked this hard to stay the same?

You think I worked this hard to stay the same?  
You think I worked this hard to stay the same?  
Hell no, boy, I'm tryna fuck the game up  
Broke bitches all in my business  
Only thing worse is a bunch of broke niggas  
You know how niggas get it when a nigga ain't getting it?  
What's the use of making money if a nigga can't spend it?  
I got broke bitches all in my business  
Only thing worse is a bunch of broke niggas  
You know how niggas get it when a nigga ain't gettin' it?  
What's the use of making money if a nigga can't spend it?
