

Make It Home (feat. Jeezy)

August Alsina

I don't always do what i should
But i do what i gotta do
When you've been at the bottom, you see the hunger inside of you
Don't say what you want do, cause it can all change
When the going get tough it'll drive you insane
See i done dodged a couple shots, served a couple blocks
Hit a couple corners tryna shake a couple cops
I broke a couple rules
Didn't graduate from school
Cause' i was busy hustling, man, I thought that shit was cool
See I gotta keep it real with you
baby
Cause' the shit I used to do is what made me
And I'm hoping I ain't gotta go back to the trap
Cause' I really know that we don't want that
But if I don't make it home tonight
Tell my mama that I love her
Leave some flowers for my brother
Girl I love ya
But if I don't make it home tonight
Take some money to my sister
I don't ever want her chasing after niggas
Cause' where i'm from
Niggas outchea dying everyday
And they ain't no bad, that just tryna make a way
And I ain't no different
So if i get missin'
These are my last wishes
I hope you get em' right
Girl if I dont make it home tonight
I know it's harsh
But this is how I feel
Girl it's comin' from the heart
I hope it doesn't end the way it had to start
Cause' it started out bad
but I made it this far
But everyone ain't tryna see me make it
Or they only wanna see me win so they can take it
'Cause I know it's hard to find a job
So niggas kill and rob
There's a chance that I won't make it here tomorrow
Being honest
See I gotta keep it real with you baby
Cause' the shit I used to do is what made me
And I'm hoping I ain't gotta go back to the trap
Cause' I really know that we don't want that
But if I don't make it home tonight
Tell my mama that I love her

Leave some flowers for my brother
Girl I love ya
But if I don't make it home tonight
Take some money to my sister
I don't ever want her chasing after niggas
Cause' where i'm from Niggas outchea dying everyday
And they ain't no bad, that just tryna make a way
And I ain't no different
So if i get missin'
These are my last wishes I hope you get em' right
Girl if I dont make it home tonight
Would you miss me? Would you miss me?
Would you walk up to my casket? Would you kiss me?
My life is schizophrenic, I'm just tryna stay sane
Pour a cup full, hope it take away pain
I said now you know IIII
Came from the projects nigga Don't care if it kill me, I die, i'll stay in the projects nigga
You know i'm fresh as a motherfucker, in case that I die tonight
Got a lot on my mind, you know that im high tonight
I left that back Hublot at home
So really I don't got the time
My nigga got power quarter, I heard that he dropped the dime Failure's no option nigga, you out
of yo fuckin' mind
Mixin' my life and my freedom fool
So ain't none of you stoppin' my...
But if I don't make it home tonight
Tell my mama that I love her
Leave some flowers for my brother
Girl I love ya
But if I don't make it home tonight Take some money to my sister
I don't ever want her chasing after niggas
Cause' where i'm from
Niggas outchea dying everyday
And they ain't no bad, that just tryna make a way
And I ain't no different
So if i get missin' These are my last wishes
I hope you get em' right
Girl if I dont make it home tonight
But if I don't make it home tonight
Tell my mama that I love her
Leave some flowers for my brother
Girl I love ya
But if I don't make it home tonight
Take some money to my sister
I don't ever want her chasing after niggas
Cause' where i'm from
Niggas outchea dying everyday
And they ain't no bad, that just tryna make a way
And I ain't no different

So if i get missin'
These are my last wishes
I hope you get em' right
Girl if I dont make it home tonight
