

Days Go On (feat. Bianca Calandra)

Royalston

Death will undo me in the end
I fooled them as long as I can
It makes me run
It makes me run
I rise up with the sun
the days go on and on...The world goes on without you
but what I know's not all trueLove will unhinge me in the end
With quicksand a quivering hand
The tolling bell
a waking hell
I'm in under a spell
the day you fell, I fell...
