

# Bear's Gone Fishin'

## Widespread Panic

Bear gone fishin', mermaids missin'  
Got to get to the bottom of this  
Kissin' the wound from the captain's harpoon  
Unexpected moment of bliss  
Loss is closer, tip of exposure  
It's sunny at the edge of the sea  
Baby knows what she really wants  
She get the most of make believe  
Spy vs. Spy, baby's a freak show  
Line forms just to the right of your keyhole  
Follow and cruisin', ain't it amusin'  
Hair hardly moves in the breeze  
Baby gets restless, breaks out of fortress  
Soon there'll be somethin' to see  
Forces close her, glimpse of exposure  
It's sunny at the edge of the sea  
Baby knows what she really wants  
She makes the most of make believe  
Spy vs. Spy, baby's a freak show  
Lines form just to the right of your keyhole  
Eyes from the paintings seem to follow  
Mirrors cap both ends of your telescope.  
Ah, shucks  
Sweet  
Petite  
Spy vs. Spy  
Spy vs. Spy, baby's a freak show  
Lines form just to the right of your keyhole  
Eyes from the paintings seem to follow  
Mirrors cap both ends of your telescope.
