

# Your Sweet Voice

Matthew Sweet

Speak to me with your sweet voice  
And take me through another night  
Speak to me with your sweet voice  
And I will surely be alright If I can close my eyes without a fear  
Speak to me with your sweet voice  
Near Hold me in your warm hand  
And I could sleep with you tonight  
Hold me in your warm hand  
And I could sleep with you tonight  
And all my earthly cares might fade away  
If you hold me in your warm hand that way It's as close as I get to love  
As close as I get to love  
Speak to me with your sweet voice  
Again Speak to me with your sweet voice  
And take me through another night  
Speak to me with your sweet voice  
And I will surely be alright  
If I can close my eyes without a fear  
Speak to me with your sweet voice  
Near  
Speak to me with your sweet voice  
That way  
Speak to me with your sweet voice...
