

Shitshow

Death Grips

Argh-argh argh-argh bitch
Argh-argh argh-argh bitch
Argh-argh argh-argh biatch Wanderlust refill this jill
It's scuzz I'm how to go there still
It's a shit show
(Front row) Pint of snake blood heat you on one
I am many and we are none
It's a shit show
(Both holes) I'm a chase a voice a freak man
This a brand not your boy leave man
It's a shit show
(Eyes closed)
Low am I the harm the wrong done
Night to regret till I'm on one
It's a shit show
(Shit show) Greaser I need scotch tonight
Slicker her bitch and your wife illness
Demons in my shoes sickly
I came here to lose quickie! It's a shit show
Head for this lap put my hands up
Weightless glisten press the cactus
It's a shit show
(Shit show) Wink from this way to a live high
Lead when it's played like it is fry
It's a shit show
(Two holes)
End of you like think you're worth shit
Secret to throw these old curses
It's a shit show
(Bitch, no!) This hole's a break through this new door
Waste of all day of a shit show
It's a shit show
(Front row)
