

Talent Goes By

Tristram

You want me to be, someone else
You want me to change myself, so you can live
It wont happen, again, again You want me to live, my life
Thinking that, I can't acheive, my best
Oh, well talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by You want me to be, someone else
You want me to change myself, so you can live
It wont happen, again, again You want me to live, my life
Thinking that, I can't acheive, my best
Oh, well talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by Talent goes by
Talent goes by
