

# Better with You

Craig David

So many nights when, so many times when  
I wouldn't come home, but you would keep calling  
I keep on lying, keep on denying  
Couldn't decide if I'd wanna dive in  
'Cause there ain't a minute that I don't regret it  
Baby, I'm better with you  
Girl, with you I'm better  
And you know it too, yeah  
Girl, with you I'm stronger  
See no one else in the room  
I'm better with you  
Girl, with you  
I'm better with you  
I'm better with you  
Oh, yeah  
With you

We could be talking, we could be laughing  
Not used to see you sitting in silence  
I missed the shouting, I miss the fighting  
Just give me a chance girl, don't throw the tall in  
'Cause there ain't a minute that I don't regret it  
Baby, I'm better with you  
Girl, with you I'm better  
And you know it too, yeah  
Girl, with you I'm stronger  
See no one else in the room  
I'm better with you  
Girl, with you  
I'm better with you  
I'm better with you  
Oh, yeah  
With you

You got me now, I love without the limits  
So now you know  
I'm better with you  
Girl, with you I'm better  
And you know it too, yeah  
Girl, with you I'm stronger  
See no one else in the room  
I'm better with you  
Girl, with you  
I'm better

Girl, with you
