

Don't Mind Me (feat. Meet Sims)

Chinx

Racks on racks on deck when I come through Don't mind me!

Don't mind... diamonds on my neck and on my wrist

Don't mind me!

Don't mind... pull a bit of red on duffle, is that yo b*tch?

Don't mind me!

I'mma keep doin' this shit until I leave

Don't mind me!

()

I sign all my checks in side that base befo' I leave

Can't see the hotel suit unless she came with photo ID

Knicks come for my neck so I keep sticks in all my V

Only what I have to fear is God so I talk to him, on my knees

Put in hot work, have blood in my hands, nigga, had to roll my sticks with the shoelace missin'

That nigga had none less than a bando at my feet

Pull the k's out where y'all sleep, and the red convent

Where the west side creep, nowadays, nigga, light goes cheap

Racks on racks on deck, drove off that lot, no Sani

Young nigga from the scene, so I creep, creep

No clique, just 100 bands deep

Hoe tryna lack a nigga down

Playin' ass gon' get to plan B

(Hook)

Racks on racks on deck when I come through

Don't mind me!

Don't mind... diamonds on my neck and on my wrist

Don't mind me!

Don't mind... pull a bit of red on duffle, is that yo b*tch?

Don't mind me!

I'mma keep doin' this shit until I leave

Don't mind me!
