

I Just Wanna (feat. Mac Miller)

Chief Keef

These bitches want my money, I won't give it
These bitches fronting, they just want your money
Yeah, I see you bitches on the come up (I see ya)
I see these bitches on the come up (I see ya)
See these bitches on the come up
Always into something crazy
Uh uh, don't care who you fucking lately Damn baby, when I walked in the room I know you
noticed it
Damn baby, I know you smell this loud when I start rolling it
Blowing it, all I wanna get money and smoke marijuana
All I wanna, smoke some weed and get some commas I just wanna
I just wanna
I just wanna
I just wanna
Baby, I just wanna get cheese and smoke green with my guys
I'm on a green diet, I don't want no french fries
I just wanna get by, I just wanna get high
I just wanna get a cake, I just wanna get pie
I just wanna live my life, I just wanna rock my ice
I just wanna fucking shine, I be glowing all the time
Smoking ganja, counting commas
Fucking thotties, I probably fucked yo momma
Rolling with my gunners, my gunners, they'll gun ya
If your dumbass try running, then them bullets run for ya
Cause I be minding my business, I love money and THC
Who the fuck just hopped out with that rock on, that's Keef Jay-Z
Me baby, all I know is eat baby, all I know is eat baby
All I know is top baby, all I know is freak baby
Now what you wanna? What you tryna do baby?
Say you coming through, who with you?
Okay cool baby, it's cool baby
It's me and my jewels and the crew baby, and the goo baby
You was talking nonsense I was through baby
I hop in, in my car, vroom, vroom baby
You crazy
Damn baby, when I walked in the room I know you noticed it
Damn baby, I know you smell this loud when I start rolling it
Blowing it, all I wanna get money and smoke marijuana
All I want to, smoke some weed and get some commas I just wanna
I just wanna
I just wanna
I just wanna

Baby, I just wanna get cheese and smoke green with my guys
I'm on a green diet, I don't want no french friesIt's just me, myself and money (all this money)

Don't need nothing else

I don't need nobody (need nobody)

Don't even trust myself

Swear I need some fucking help

Doing drugs to numb myself

Rolling blunts and popping pills

That Molotov, that bomb for real

I'm nodding off, unconscious

Wake up nauseous, god damn alcoholic

Pulling ten grand out my wallet

Know they 'bout to judge me

I been sitting at the crib, I'm sick of counting money

Bored of being rich as fuck, tried every single drug

It's not exciting anymore once that first million come

I got my business up, now I just don't give a fuckI just wanna

I just wanna

I just wanna

I just wanna

I just wanna

I just wanna

I just wanna

I just wanna

I just wannaI just wanna

(Get faded every day of my life

Getting laid every night, like)

I just wanna

(Sip liquor, I'm a sinner

Take a picture, remember tonight)

I just wanna (another car)

I just wanna (a couple bars)

(I just wanna get faded, with some of the greatest

I don't care who the fuck you are

I still ride around with

Every single motherfucking homie I been down with

They keep me grounded, smoking on the loudest

Neighbors telling us to turn it down

Shut your mouth bitch

Shut your, shut your mouth bitch

I just bought two houses

Just spent two years of your salary on this outfit

Ain't no way around it

On the phone with my accountant

It feels good to be this wealthy and well rounded

We got you surrounded)Ganja, counting commas

Fucking thotties, I probably fucked your momma

Rolling with my gunners, my gunners, they'll gun ya

If your dumbass try running, then them bullets run for ya

Cause I... I just wanna

I just wanna

I just wanna

I just wanna
