

Gelt Melts

The Lee Vees

Gelt melts
gelt melts
gelt melts
just because it looks like funny money
in your pocket it's chocolate runny
heats the enemy it's not your friend
golden coins melting in your hand(Gelt melt)
everyone knows that chicks love chocolate
fires them up like a bottle rocket
peels the tin off, right away
i think you know what we're trying to say
you got to get it whlie you can
cause it won't last long
we don't claim to understand
but we're not wrong
and your good thing will be gone.Gelt melts
gelt melts
gelt melts
dont throw it at your baby brother
better run cause here comes your mother
coming at ya with a wooden spoon
still covered with her chicken soup(Gelt melt)
Grandma's couch with the plastic coating
fifty coins later, stomach's bloating
if some can can eat a chocolate bunny
WHY CAN'T WE EAT CHOCOLATE MONEY!
you got to get it while you can
cause it won't last long
we don't claim to have the answer
in this song
but your good thing will be gone
(music break)
Gelt melts
gelt melts
gelt melts!!!!
