

# We Found Love (Zack Martino & Kastral Remix)

Sultan + Shepard & Showtek

Now that we found love, what are we gonna do with it  
Now that we found love, what are we gonna do with it  
Now that we found love, what are we gonna do with it Now that we found love, what are we  
gonna do with it Now hit me with that funky-ass beat Now that we found love  
(Guess what) Now that we found love, what are we gonna do with it  
Now that we found love, what are we gonna do with it  
Now that we found love, what are we gonna do with it  
Now that we found love, what are we gonna do with it  
Now that we found love, what are we gonna do with it Now, now, now, now  
Now hit me with that funky-ass beat
