

Voodoo Love (Buraka Revision)

Buraka Som Sistema, Sara Tavares & Terry Lynn

Tic tac toc se eu me excito sem top
Tipo tuga baby you rock
866099, tipo long long way
See you know I'm hot
Bla bla bla against the wall
Com mini-saia bem small
Ring ring ring show my bootie call
Na na na tipo barbie doll We stay up all night, we stay up all night
We stay up all night, we stay up all night
We stay up all night, we stay up all night They say we play don't play our way
All night awake all day okay
We stay up all night, we stay up all night
We stay up all night, we stay up all night
Click clack clock run fast don't stop
Chop chop ou levas um core
hãhã p'ra baixo não vou
Não quero ir no teu flow
Lick lick me dos pés ao top
Toca no meu G-spot
Girls night out boy let me go
Na na na tipo barbie doll We stay up all night we stay up all night
We stay up all night we stay up all night
We stay up all night, we stay up all night .They say we play don't play our way
All night away all day okay
We stay up all night, we stay up all night
We stay up all night, we stay up all night
We stay up all night, we stay up all night
They say we play don't play our way
All night away all day okay
We stay up all night, we stay up all night
We stay up all night, we stay up all night
We stay up all night, we stay up all night We stay, up all night
We stay, up all night
We stay up all night, we stay up all night
We stay up all night, we stay up all night
We stay up all night, we stay up all night
