Gangsta

Kehlani

I need a gangsta
To love me better
Than all the others do
To always forgive me
Ride or die with me

That's just what gangsters doI'm fucked up, I'm black and blue

I'm built for it, all the abuse

I got secrets, that nobody, nobody knows

I'm good on, that pussy shit

I don't want, what I can get

I want someone, with secrets

That nobody, nobody knows

I need a gangsta

To love me better

Than all the others do

To always forgive me

Ride or die with me

That's just what gangsters doMy freakness is on the loose

And running, all over you

Please take me to places, that nobody, nobody goes

You got me hooked up on the feeling

You got me hanging from the ceiling

Got me up so high I'm barely breathing

So don't let me, don't let me, don't let me go

I need a gangsta

To love me better

Than all the others do

To always forgive me

Ride or die with me

That's just what gangsters do

They do, they do, they do oh

To always forgive me

Ride or die with me

That's just what gangsters do
