## **Broken**

## **Jake Bugg**

I'll

Wait here

For you

For I'm broken

Down

I'm coming down

This town

For my heart lies

Far and away where they took you down

Let them over to your house

Where I'm broken

Down by the people if they let you breathe

Don't give a damn if you still can't see

Still my heart beats

For you

Have become

All I lost

And all I hoped for

But I

Must carry on

Always one

Never broken

Run to the lobby where I saw you try

Don't give a damn for your reasons why

Where soul feels

Down in the valley where the church bells cry

I'll leave them over to your eyes

Woah

I am one

I am one

Break

Story of

Peace and love

In a future

Bright

Sacrifice

Came around

Never broken

Down by the people if they let you breath

Don't give a damn if you still can't see

Travelling a street that I did not go

Wheels like tong to the winter lope

## Down in the valley where the church bells cry I'll leave them over to your eyes

Woah

I am one

Woah

I am one

I am one.
