

# Dropout

## SEKAI NO OWARI

These four walls  
Feel so small I'm the king of nothing at all  
Silent screams, nights I dream  
Something more is waiting for me  
I came from Dropout Boulevard Through my darkest days  
Bet on myself and beat the odds  
I came from Dropout Boulevard  
So far away  
Look around at where we are  
I came from Dropout Boulevard  
Through my darkest days  
Bet on myself and beat the odds  
I came from Dropout Boulevard  
So far away  
Look around at where we are Dropout Boulevard  
Dropout Boulevard  
Dropout Boulevard  
Dropout Boulevard I touched down, solid ground  
Little pills and all white gowns  
To this fate I can't relate  
Run away with me from this place  
I came from Dropout Boulevard  
Through my darkest days  
Bet on myself and beat the odds  
I came from Dropout Boulevard  
So far away Look around at where we are  
I came from Dropout Boulevard  
Through my darkest days  
Bet on myself and beat the odds  
I came from Dropout Boulevard  
So far away  
Look around at where we are Dropout Boulevard  
Dropout Boulevard  
Dropout Boulevard  
Dropout Boulevard Dropout Boulevard  
Dropout Boulevard  
Dropout Boulevard  
Dropout Boulevard I came from Dropout Boulevard  
Beat the odds  
I came from Dropout Boulevard  
Where we are
