

# Cracks (Firebeatz Remix)

## Freestylers & Belle Humble

Leave the past behind, just walk away  
When it's over, and the heart break  
And the cracks begin to show And the cracks begin to show Leave the past behind, just walk  
away  
When it's over, and the heart break  
And the cracks begin to show  
Begin to show Leave the past behind  
Begin to show  
Leave the past behind, walk away  
When it's over, and the heart break  
And the cracks begin to show Leave the past behind, just walk away  
When it's over, and the heartbreak  
And the cracks begin to show And the cracks begin to show Leave the past behind, just walk  
away  
When it's over, and the heart break  
And the cracks begin to show  
Begin to show  
Leave the past behind  
Begin to show Leave the past behind, just walk away  
When it's over, and the heart break  
And the cracks begin to show
