

I Want You Dead

Brooke Valentine

[Spoken]

You know, there's a few things I been wanting to say.
There's a few things I been wanting to get off my chest.

You feel me?

Let's Go[Verse 1]

I ran your car into a ditch
Poked holes in your prophylactic's
Used to love me
Used to love you
Now I hate you
You hate me too

Would have walked on hot coals for you
Now I don't care spit about you

[Hook]

I want you dead
I want you dead
I want you dead

I want you dead[Verse 2]

I pawned your jewelry on the net
Called up your boss told him you quit
Must have been breast fed

Fell on your head

You'd be better slicing your wrists
Think you'll ever leave me for her
Revenge is sweet but I...[Hook]

I want you dead
I want you dead
I want you dead
I want you dead

[Bridge]

Used to love me, hug me, tell me you need me
Hold me gently I was your everything
But now things changed, your my worst enemy
I'd rather see you in the cemetery
Gagging, boxed up, full of maggots
Rotten bones in a wooden Casket
But now I'm calm and cool about this
Some hopeful thinking, never hurt anyone...[Hook]

I want you dead
I want you dead
I want you dead

I want you dead[Ad-lib]

Dead
I want you dead
I want your head
I want you dead
Your head
I want your head
I want you your heart I want you dead
You make me sick, I--
I love you honey I want you dead
I want you dead
I want you dead
I need your head I want you dead
