Jungle

When youre so high you When you fall from the sky you So come down from the clouds Come down on me So come down from the clouds Come down on me I've been loving you too long I've been loving you too long So come down from the clouds Come down on me So come down from the clouds Come down on me When you're so high you don't think When you fall from the sky you won't break I've been loving you too long I've been loving you for too long
