

# He Won't Hurt You

[Donell Jones](#)

You alright baby? Don't worry 'bout it  
It's gonna be alright He don't treat you like he use to 'cause he got somebody else  
Girl, I feel for you 'cause you're all by yourself, yeah  
Don't you shed a tear, be strong and don't let this nightmare get to you  
'Cause some men gotta have two girls and that ain't cool, so He won't hurt you again, he's never  
gonna hurt you again  
'Cause you got a friend in me  
He won't hurt you again, he's never gonna hurt you again  
All you gotta do is believe in me Lock the doors, I'm on my way, he has no right to put his hand  
on you  
Girl, it hurts me to see him play you for a fool  
So pack your bags, come go with me, I'll be that sunshine in your life  
There's no need to worry, it's gonna be alright, 'cause he won't hurt you  
He won't hurt you again, he's never gonna hurt you again  
'Cause you got a friend in me  
He won't hurt you again, he's never gonna hurt you again  
All you gotta do is believe in me Are you in love with someone who's gonna make you cry?  
You should already know, I wanna be that special one in your life He won't hurt you again, he's  
never gonna hurt you again  
'Cause you got a friend in me  
He won't hurt you again, he's never gonna hurt you again  
All you gotta do is believe in me You know sometimes I think about you and I wonder  
How could a beautiful woman be going through such a terrible thing  
But I wanna let you know, I'm here for you  
You don't have to worry 'bout a thing baby, I promise, I promise  
He won't hurt you again, he's never gonna hurt you again  
'Cause you got a friend in me  
He won't hurt you again, he's never gonna hurt you again  
All you gotta do is believe in me
