

Legend of a Cowgirl

Imani Coppola

I'm gonna drink my whiskey
I'm gonna have my man
I know you got nothing to say
I'm gonna have my man
Gonna steal their hearts
and save them for another day
Ain't gonna hang my hat
Ain't gonna take off my boots
Ain't nothing gonna stop me in my pursuit
My stage, time to rehearse
Gonna see all the wonders of the universe
CH: Pack my bags and mount my horse
I'm gonna ride on into the next town
Spend all my money on absolutely nothing
Need no man to pay for anything
Ain't got no shame, nobody knows my name
I'm gonna ride on into the next town
Pecos Bill, couldn't hang for long
A female legend with a song
Such a beautiful day, Such a beautiful day
I think I'll wear my brand new negligee
I'll probably change my mind
It happens every time
Just speak to my ex-fiancé
I'm gonna hunt the hunter, gonna serve'em well done
Nowhere to hide, nowhere to run
Up goes the moon, down comes the sun
Cook my dinner while I shine my gun
CH: Pack my bags and mount my horse
I'm gonna ride on into the next town
Spend all my money on absolutely nothing
Cause their ain't no thing like a chicken wing
Ain't got no shame, nobody knows my name
I'm gonna ride on into the next town
Pecos Bill, couldn't hang for long
A female legend with a song
I'd give my life to be her
I'd give my live just to be her
I'd give my sight to see her
I'd give my sight just to see her
So here's the way I'm gonna break it down
Speak my mind any time 'cause I got the master plan
Power in my soul, strenght from my hand
I'm going up north to claim my land
Won't settle by river, might make me shiver

So look out and hide your fans
I'm a woman on fire with huge desire
To be as good as any manCH: Pack my bags and mount my horse
I'm gonna ride on into the next town
Spend all my money on absolutely nothing
Need no man to pay for anything
Ain't got no shame, nobody knows my name
I'm gonna ride on into the next town
Pecos Bill, couldn't hang for long
A female legend with a song...
