

All On Me

Devin Dawson

Yeah, I know that the woes and the weight of the world can get in side our minds
And be too much sometimes, I know
But baby don't let the no's and the ups and the downs from the roller coaster ride
Beat you up inside, baby don't
But if you ever feel that way, don't you ever hesitate, cause You got my number you can call on
me

If you're in trouble put the fall on me
When you're mad you can take it out on me
When it don't add up you can count on me
When you're low come get high on me
Make it slow take your time on me
Said let, let it out
Come and lay on me
When it gets heavy put the weight on me
Baby put it all on me
Put it all on me

Wanna take you out on the town on my dime anytime, tell me when you're free
We can do anything and everything you want, yeah
Oh I wanna hear all your fears and your troubles
Strip it down, really get to know one another
When it's nobody but you and me just us
Girl you know I'm here for you

You can lean on me anytime you need to You got my number, you can call on me
If you're in trouble put the fall on me
When you're mad you can take it out on me
When it don't add up you can count on me
When you're low come get high on me
Make it slow take your time on me
Said let, let it out
Come and lay on me
When it gets heavy put the weight on me
Baby put it all on me
Girl put it all on me

C'mon relax your mind on me
When you need a shoulder you can cry on me
Baby you can bet your life on me
Put it all on me You got my number, you can call on me
If you're in trouble put the fall on me
When you're mad you can take it out on me
When it don't add up you can count on me
When you're low come get high on me
Make it slow take your time on me

Said let, let it out
Come and lay on me
When it gets heavy put the weight on me
Baby put it all on me
Yeah baby put it all on me, yeah Put it all on me, yeah
Girl put it all on me
Put it all on me
