

Only Want You

Rita Ora

[Intro]

No, no, no, no, no love

Oh, I only want you[Verse 1]

I don't want another night of tryna find

Another you, another rock bottom

I don't wanna wear another mini dress

To impress a potential problem

I don't wanna spend the night at someone's place

To fill the space that you used to walk in

I don't want another number in my phone

Someone to hold at three in the morning

[Chorus]

I don't want somebody like you

I only want you, I only want you, yeah

I don't want somebody brand new

I only want you, I only want you, yeah

Guess I had to leave, had to leave, had to leave ya

Just to need, just to need ya

I don't want somebody like you

I only want you, I only want you, yeah[Verse 2]

I know I'm the one who ruined everything

And made you think that it was all your fault

And I know that sorry's only just a word

And when it hurts, it isn't that simple

But I know that if you look me in the eyes

You can't deny that we're something different

And I know I'm going looking for your kiss

On someone's lips to know that I miss ya

[Chorus]

I don't want somebody like you

I only want you, I only want you, yeah

I don't want somebody brand new

I only want you, I only want you, yeah

Guess I had to leave, had to leave, had to leave ya

Just to need, just to need ya

I don't want somebody like you

I only want you, I only want you, yeah[Bridge]

Oh yeah-ayy, oh yeah-ayy

Oh yeah-ayy, oh yeah-ayy

Oh yeah-ayy, oh yeah-ayy

I don't want another night of tryna find

Another you, another rock bottom

I don't wanna wear another mini dress
To impress a potential problem[Chorus]
I don't want somebody like you
I only want you, I only want you, yeah
I don't want somebody brand new
I only want you, I only want you, yeah
Guess I had to leave, had to leave, had to leave ya
Just to need, just to need ya
I don't want somebody like you
I only want you, I only want you, yeah
