

# Do What You Like

Taio Cruz

Girl, why you gotta be so cruel?  
Why you gotta be so special?  
Heaven ain't got nothin' on you  
Got me feeling like a horny devil We keep on going, keep on going till our hearts burn out  
And we can keep on going till the lights turn out  
And no one needs to know what we are all about  
What we are all about So get up off that sexy round thing and  
Move your body and do what you like  
Keep it going if it feels alright  
Move your body and do what you like  
Keep it going if it feels alright  
(Keep on rocking with me)  
Get down  
(Love it when you rocking with me)  
Do what you like  
(Keep on rocking with me)  
Get down, get down, do what you like  
(Keep on rocking with me)  
Get down  
(Love it when you rockin' with me)  
Do what you like  
(Keep on rocking with me)  
Get down  
Girl, why you gotta be so bad?  
Why you gotta be my guilty pleasure?  
It's like you got your feet up on the dash  
It's like I got my foot down on the pedal We keep on going, keep on going till our hearts burn  
out  
And we can keep on going till the lights turn out  
And no one needs to know what we are all about  
What we are all about So get up off that sexy round thing and  
Move your body and do what you like  
Keep it going if it feels alright  
Move your body and do what you like  
Keep it going if it feels alright  
(Keep on rocking with me)  
Get down  
(Love it when you rocking with me)  
Do what you like  
(Keep on rocking with me)  
Get down, get down, do what you like  
(Keep on rocking with me)

Get down  
(Love it when you rockin' with me)  
Do what you like  
(Keep on rocking with me)  
Get down  
Girl, girl So get up off that sexy round thing and  
Move your body and do what you like  
Keep it going if it feels alright  
Move your body and do what you like  
Keep it going if it feels alright  
(Keep on rocking with me)  
Get down  
(Love it when you rocking with me)  
Do what you like  
(Keep on rocking with me)  
Get down, get down, do what you like  
(Keep on rocking with me)  
Get down  
(Love it when you rockin' with me)  
Do what you like  
(Keep on rocking with me)  
Get down
