Do What You Like

Taio Cruz

Girl, why you gotta be so cruel? Why you gotta be so special? Heaven ain't got nothin' on you Got me feeling like a horny devilWe keep on going, keep on going till our hearts burn out And we can keep on going till the lights turn out And no one needs to know what we are all about What we are all aboutSo get up off that sexy round thing and Move your body and do what you like Keep it going if it feels alright Move your body and do what you like Keep it going if it feels alright (Keep on rocking with me) Get down (Love it when you rocking with me) Do what you like (Keep on rocking with me) Get down, get down, do what you like (Keep on rocking with me) Get down (Love it when you rockin' with me) Do what you like (Keep on rocking with me) Get down Girl, why you gotta be so bad? Why you gotta be my guilty pleasure? It's like you got your feet up on the dash It's like I got my foot down on the pedalWe keep on going, keep on going till our hearts burn out And we can keep on going till the lights turn out And no one needs to know what we are all about What we are all aboutSo get up off that sexy round thing and Move your body and do what you like Keep it going if it feels alright Move your body and do what you like Keep it going if it feels alright (Keep on rocking with me) Get down (Love it when you rocking with me) Do what you like (Keep on rocking with me) Get down, get down, do what you like (Keep on rocking with me)

Get down (Love it when you rockin' with me) Do what you like (Keep on rocking with me) Get down Girl, girlSo get up off that sexy round thing and Move your body and do what you like Keep it going if it feels alright Move your body and do what you like Keep it going if it feels alright (Keep on rocking with me) Get down (Love it when you rocking with me) Do what you like (Keep on rocking with me) Get down, get down, do what you like (Keep on rocking with me) Get down (Love it when you rockin' with me) Do what you like (Keep on rocking with me) Get down Song Discussions is protected by U.S. Patent 9401941.
