## **Military Drums (Extended Version)**

## **Hubert Kah**

I don't play these military drums on the head of my soulI don't pray for missionary stunts on the way to my goal.Jack is crying

looking so bizarreAnd he got his ioints already broken in that beatHe's divin' and we'll see him nevermore!

I don't play these military drums on the head of my soul

...Who came

who came to me

And drummed the prayers

I can't move from nowAnd my eyes collide with energy they're leavin' me no moreThose words are beatin' drums!

I don't play these military drums on the head of my soul

... No more tears and guns

no more deals in sons

no more guns!

I don't play these military drums on the head of my soul

. . .

I don't play these military drums on the head sf my ssul

. . .

I don't play these military drums on the head of my soul

. .
