

I'm Gonna Love You Just A Little More Baby

Summer Walker

Ooh, give it up, ain't no use
I can't help myself if I wanted to
I'm hung up, no doubt I'm so in love with you
For me there's no way out Deeper and deeper in love with you I'm falling
Sweeter and sweeter, your tender words of love, keep calling
Eagerer and eagerer, yeah, to feel your lips upon my face
Please 'em and please 'em anytime or any place I'm gonna love you, love you, love you
Just a little more baby
I'm gonna need you, need you, need you
Everyday yeah
I'm gonna want you, want you, want you
In every way, yeah
Hold back, knowin'
This time, it looks like love is here to stay
And as long as I shall live
I'll give you all I have
And all I have to give, oh Deeper and deeper in love with you I'm falling
Sweeter and sweeter, your tender words of love, keep calling
Eagerer and eagerer, yeah, to feel your lips upon my face
Please 'em and please 'em anytime or any place I'm gonna love you, love you, love you
Just a little more baby
I'm gonna need you, need you, need you
Everyday yeah
I'm gonna want you, want you, want you
In every way, yeah
I'm gonna love you, love you, love you
Just a little more baby
I'm gonna need you, need you, need you
Everyday yeah
I'm gonna want you, want you, want you
In every way, yeah
