## You Could Be Happy

## **Snow Patrol**

You could be happy And I won't know But you weren't happy the day I Watched you goAnd all the things that I wished I Had not said Are played on loops till it's madness In my headIs it too late to remind you How we were But not our last days of silence Screaming, blur Most of what I remember Makes me sure I should have stopped you from walking Out the doorYou could be happy I hope you are You made me happier than I'd Been by farSomehow everything I own Smells of you And for the tiniest moment It's all not trueDo the things that you always Wanted to Without me there to hold you back Don't think, just do More than anything I want to See you, girl Take a glorious bite out Of the whole world Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
