

# While Men Are Dreaming

## Jenny and Johnny

I left while you were sleeping  
While Abraham shaped your sigh  
Never loved you less, never loved you more  
As when Sirius hung in the sky  
A memory is a memory  
And a dream is a liar  
Was I a man dreaming I was a lamb  
Or am I sleeping in clover tonight? While men are dreaming  
They know it not a dream.  
Upon wakin' we're fools again  
What if we're sleeping?  
A memory is a memory  
And a dream is a liar  
Was I a woman to never see you again?  
Or am I dreaming asleep by your side?
