

Talk to Your Daughter

[Robben Ford](#)

Momma, Papa, please talk to you daughter for me
Momma, Papa, please talk to your daughter for me
She done made me love her and I ain't gonna leave her be
Hey, Baby, please don't dog me around
Yeah, Baby, please don't dog me around
If you don't quit your fooling, put ya 6 feet in the ground
You should talk to your daughter
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
You should talk to your daughter
You should talk to your daughter
You should talk to your daughter
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
You should talk to your daughter
You should talk to your daughter
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
You should talk to your daughter
You should talk to your daughter
You should talk to your daughter
You should talk to your daughter
She done made me love her and I ain't gonna leave her be
