The Last In Line

Tenacious D

We're the ship without a storm The cold without the warm Light inside the darkness That it needs, yeahWe're a laugh without tear The hope without the fear We are coming, homeWe're off to the witch We may never, never, never, come home But the magic that we'll feel Is worth the lifetimeWe're all born upon the cross We're the throw before the toss You can release yourself But the only way is down We don't come alone We are fire, we are stone We're the hand that writes Then quickly moves awayWe'll know for the first time If we're evil or divine We're the last in line, yeah We're the last in lineTwo eyes from the east It's the angel or the beast And the answer lies Between the good and badWe search for the truth We could die upon the tooth But the thrill of just the chase Is worth the pain We'll know for the first time If we're evil or divine We're the last in line, yeah We're the last in line, ohYeah, we're off to the witch We may never, never, never come home But the magic that we'll feel It worth a lifetimeWe're all born upon the cross You know we're the throw before the toss You can release yourself But the only way to go is downWe'll know for the first time If we're evil or divine
