

War (feat. Lil Tjay)

Pop Smoke

[Verse 1: Pop Smoke]

If I want it Imma grab it

If I want it Imma have it

Christian Dior

Christian Dior

I'm up in all this lust [Hook: Pop Smoke]

I make a call (Woo! Woo!)

I make a call, it's war

And nigga you can check the score

We up on the board (Woo! Woo!)

And we all living lavish

If I want it Imma have it

I make a call (Woo! Woo!)

I make a call, it's war

And nigga you can check the score

We up on the board (Woo! Woo!)

And we all living lavish

If I want it Imma have it

[Verse 1: Lil Tjay]

My niggas wit' it

Money floor, run up them digits

I know niggas mad that we did it

Say it, we live it

Morals, we'll never forget it

I ever get booked Imma cricket

Get it and flip it

Henny right here Imma sip it

You try me it's shots at your biscuit

24 hip it

Imma just 24 hip it 'cause bro said don't ever forget it

Gang with me

Anywhere I pop out know the thang with me

Every nigga here with me gon' bang with me

Try your luck and bro goin' insane with me

Bodies dropping that shit ain't a thing to me

Smokin' deadies I'm rollin' up lame niggas

Couple niggas here with me done changed niggas

[?] we leave the remains, nigga

Surely business ain't playin' no games

Fuck all this fame, nigga

You will get flamed, nigga

Don't you front I got aim, nigga

I sold homis that fuck with my brain, nigga
I be feelin' like goin' insane, nigga
I just got me a check now my chain bigger
You gon' die for the stain, nigga
When you sent me the addy I came, nigga
Only me and my main niggas
You ain't really for static don't play, nigga
We could hit you today, nigga
If you makin' your bed better lay, nigga
There ain't too much to say, nigga
[Hook: Pop Smoke]
I make a call (Woo! Woo!)
I make a call, it's war
And nigga you can check the score
We up on the board (Woo! Woo!)
And we all living lavish
If I want it Imma have it
I make a call (Woo! Woo!)
I make a call, it's war
And nigga you can check the score
We up on the board (Woo! Woo!)
And we all living lavish
If I want it Imma have it
