Keeps me smiling

Konvict Music (Maybach Music)
We fell in love on the first day,
The first day Huh!
A beautiful girl gon make the
Earth shake
I look into the mirror all I do is stare
In the back of my mind all I see
Is her (boss)
Turn up the music we bumping
P Square yea
Number one in the game and
We gon be here Huh! (Maybach Music)
Always making hits, am I
A Konvict? Huh!
We talking money here you

Talking nonsense ha
Making slow love to my baby girl
Got the big trucks pulling up everywhere Huh
You only live once and that's the anthem
All your negative energy feed cancer
I can look into her eyes for my whole life
We can make love for the whole night yea Huh!
