Thinkin' Bout It

Gerald Levert

Girl, I've been waitin' on this day Better thought you never hear me say

You been creeping around, all over town

Been laying it down, been messin' around

What goes around, always comes around

Baby girl, I thought we was downGirl, I hope you change your freaky ways

'Cause I really wanna stay

Tell me is he the best since I been there

That I should share your underwear

Do you really think he caresAll this time I been sleeping with you

You been sleeping with me

You been stroking him and loving him

And kissing him and hugging him

Oh, why you been creeping with him

He's been sexing your friends

And I got you thinking about it

Thinking about it, thinking about it

Thinking about itGirl, I think that I should let you know

That I'm gonna have to up and go

If you keep giving it up and cutting up

And acting fast, giving up the ass

I love you but I had enough

Do it again, it's gonna be your lastI can forgive but won't forget

The things you did, you'll soon regret

Ever dissin' me 'cause this could be the end of we

Can't you see, girl, you're hurting me

All this time I been sleeping with you

You been sleeping with me

You been stroking him and loving him

And kissing him and hugging himOh, why you been creeping with him

He's been sexing your friends

And I got you thinking about it

Thinking about it, thinking about it

Thinking about itAll this time I been sleeping with you

You been sleeping with me

You been stroking him and loving him

And kissing him and hugging himWhy you been creeping with him

He's been sexing your friends

Got you thinking about it

Thinking about it, thinking about it

Thinking about itFor the life of me, I just can't conceive

Why I just can't leave you

Why you do this to me, baby
I feel like a fool but what can I do
Your love's got me weak, babyWhy must I endure your constant greed

Your endless need to be so damn freaky Now I understand 'cause it wasn't me

Yes, play back's a mother babyOh, why tell me why, why are you so freaky Tell me why are you so freakyAll this time I been sleeping with you

You been sleeping with me

You been stroking him and loving him

And kissing him and hugging himWhy you been creeping with him

He's been sexing your friends

Got you thinking about it

Thinking about it, thinking about it

Thinking about itThinking about it, thinking about it, 'bout it baby

Thinking about it, thinking about it, 'bout it baby

Thinking about it, thinking about it, 'bout it baby

Thinking about it, thinking about it

Thinking about it, thinking about it
